## Quarry Updates

Savage Stone highlights community engagements in recent months.

### Ridgely Run Community Center Hosts National Night Out

Savage Stone is happy to once again partner with the Ridgely Run Community Center in their **National Night Out**. The family friendly event features activities including yard games, local vendors, Little Free Library and light dinner of hot dog and hamburgers. Additionally, the community-building event promotes community involvement, raises crime awareness and most of all brings the surrounding neighborhoods together. Savage Stone will donate and serve food and assist in set-up. National Night Out is an annual community-building campaign that promotes strong police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live and work. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community.

**NATIONAL NIGHT OUT 2026**

National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live.

**Ridgely's Run COMMUNITY CENTER**

National Night Out will take place at Ridgely's Run Community Center on Tuesday, August 4th from 6pm-8pm at 8400 Mission Road, Jessup, MD 20794.

### Savage Stone Donates Time and Volunteers to Help Refurbish Ridgely's Run Community Center

In April 2026, Savage employees contributed over 85 volunteer hours to the Ridgely's Run Community Center (RRCC) and assisted in assembling tables, chairs, and picnic tables, as well as erecting posts and string lights to re-purpose a concrete slab behind Ridgely's Run Community Center into an event patio for visitors. Additionally, the employees cleared brush, donated, delivered and spread over 125 tons of stone, and refinished the RRCC upper parking lot. Additionally, we assisted local resident/scout & GPHS Student Rory Kraeuter with his Eagle Scout Project installing a safe walkway from the refinished upper parking lot to RRCC.

## In the *Community*

### Savage Stone Guest Lectures at Guilford Park High School

In May 2026, Savage hosted two guest lectures at Guilford Park High School focused on how algebra is applied in real-world settings at the quarry. The presentations helped students connect classroom concepts to practical applications in the mining and construction industries. Following the lectures, Savage hosted a bus tour of the quarry, giving students the opportunity to observe the site's operations firsthand and witness a controlled blast, providing a memorable, hands-on learning experience that demonstrated how mathematics, science, and engineering are used in everyday quarry operations.

### Savage Stone Hosts Open House

In June 2026, Savage Stone held an open house. Over 200 guests attended the event and enjoyed hot dogs, burgers, and ice cream. The attendees also met quarry employees and contractors, learned about each of their roles, toured the quarry, and saw heavy equipment up close. To see photos/video of the event, log onto [www.SavageStoneCommunity.com](http://www.SavageStoneCommunity.com).

#### DID YOU KNOW?

One mile of highway requires **over 38,000 tons** of crushed stone.

#### FUN FACT

Concrete is made up of **more than 75% crushed stone** while Asphalt is made up **more than 90% crushed stone**.

#### HAVE A QUESTION?
